

GUM SHOE SNEAKERS AND WHARF RATS

One of the biggest baseball games scheduled for the week will be played next Sunday at 9 o'clock at Kapiolani Park between the Gum Shoe Sneakers and the Wharf Rats.

The former team is a new aggregation composed largely of police who are said to have had no previous experience in baseball. Among the players will be Barney Joy, "Opunui" Leslie, Deputy Sheriff Chillingworth, Reuter and others, some of whom have never been on the diamond.

The Wharf Rats have made an enviable reputation this season and will put up a big game. The Wharf Rats are a baseball aggregation whose interests are looked after by Captain Riley and Frank Turk.

WOULD SEND POLO TEAM TO COAST

The old plan of sending a polo team from the Hawaiian Islands to California to play the Burlingame crack four is being revived while the Kauai and Maui teams are in Honolulu. With the Oahu team getting into practice again, George Fairchild of Kauai is of the opinion that the Island four can be chosen in a way to make the Californians put forth their best efforts to score.

Get the Microbes Out OF YOUR BLOOD

One cannot enjoy life without rich, pure blood. You cannot be safe from disease without your blood is pure. The press report a death caused by the scratching of a pimple on the face. It is particularly important in the tropics that the blood is cleansed from impurities.

What to take to purify the blood is the question puzzling some, but there are thousands who know of the old, old, remedy.

Scribener's Sarsaparilla

made from the roots and herbs known to possess medicinal virtues for blood cleansing centuries ago. It is the one remedy that will cleanse the blood and build up the run-down system. It is not an experiment—it is a certainty. Get a bottle and try the treatment today. You cannot afford to neglect your health.

Eyes Examined

There is no calling where accuracy and skill are more in demand than that of the optician. One familiar with the construction of the eye knows that there are many eye-defects which can not be accurately estimated or corrected by the use of test letters and cards alone.

For this reason we use, in our eye examinations, the several different methods that long experience has taught us bring best results.
